### NO REASON FOR IT

YOU ARE SHOWN A WAY OUT. There can be no reason why any reader of this who suffers the tortures of urinary disorders, the pains and dangers of kidney ills will fail to heed the word of a resident of this locality who has found relief. The following is convincing proof.

S. K. Barber, 624 Mill st., Reno, Nev., says: "For some time my kidneys were weak and the kidney secretions were so frequent in passages that I was obliged to arise many times during the night. I lost much rest and my health became all run down. I suffered from pain and weakness in the small of my back, and I was in pretty bad shape when a friend advised me to try Doan's Kidney Pills, saying that they had practically cured him of a similar trouble. In less than a week I felt better and my kidneys are now strong and my back does not bother me. The statement I gave publicly recommending Doan's Kidney Pills some years ago still holds good. This remedy helped me greatly and I am glad to let other kidney sufferers know about it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 9-adv

### CUT PLANNED IN GOLDFIELD SCHOOLS

GOLDFIELD TO DROP TWO OR THREE TEACHERS WITHOUT DELAY

The expense of maintaining the schools of Goldfield will have to be cut for the next fiscal year, beginning July 1, by \$8049. This will probably mean doing away with the gymnasium, one of the physical instructors and perhaps the special departments of music and drawing and kindergarten. It may also mean one less teacher in the high school and

one less in the graded schools. School Trustee Lesley yesterday afternoon presented some figures to the Mothers' club at its request to show just what the income of the school department was.

The cost of running the schools in the fiscal year of 1911-12 was \$50,592.71. This year reductions had to be made and the cost for 1912-13 is placed at \$33,249.37, or \$17,343.35 less than the previous year. The income this year amounts to a total of \$31,591.74, so that there will be a deficit of \$1567.83 at the end of the fiscal year July 1, to be carried over into next year.—Goldfield Tribune.

### SAN FRANCISCO BURDENED WITH EXPOSITION FADDISTS

When it was decided to hold the Panama Pacific exposition in San Francisco the town went wild with joy. Great things were expected, and it was hoped that the success of 1915 would entirely wipe out the disaster of 1906.

We do not wish to be over critical, but we have no desire to make a bad muddle more muddled, but we think the time has come for talking right out in meeting. No situation is ever hurt by a frank discussion of its elements. If the Panama Pacific exposition is to make good, we must have done with the affected silence, the star chamber clacking and the back door whispering which have characterized its career up to the present.

Here is precisely what we wish the people of San Francisco to note. The exposition has been, is being used, as a club to blackmail them into all kinds of measures opposed to the interests of the city and the state.

In the very beginning we were told that the exposition city would have an exposition mayor. What a horrible shock to the crowned and uncrowned heads of Europe to be received by a common ordinary laboring man! So we got Sunny Jim, and poor Sunny Jim sits now in hopeless bewilderment without a friend in the world, without an idea in his head. It isn't by gladhandery that the problems of a city are solved.

Then the legislators got busy with their exclusion and alien laws, and straightaway the legislature was told that it was imperiling the success of the exposition. The European nations did not want to exhibit, and it was only by using Japan as a club that they considered the subject at all. Now Japan will back out if California persists in protecting itself from the Japanese influx. Therefore, the interests of California must be made subsidiary to the interests of a private corporation, which, after all, is but a Barnum & Bailey on a large scale.

Next came the water question. The people are being urged to buy Spring Valley at an exorbitant price, so that the exposition may have water. We have no desire to defend the inconceivably stupid proceedings of the city for the last 20 years in the matter of municipal water. Again and again politics and private ambitions have frustrated the natural desire of the community for plenty

they voted for—a crazy quilt charter and the most incompetent and wasteful city government that ever afflicted a town.—San Francisco Leader.

### HOW TO GET STRONG

A SIMPLE REMEDY  
Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggist, which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so successful and we will return your money if it does not help you. Miners' Drug Store, Inc., Tonopah, Nev. 46-adv.

### PRUNE PRICES GO UP HALF A CENT WITH PRODUCERS

MILLION DOLLARS' WORTH OF FRUIT STILL HELD IN SANTA CLARA WAREHOUSES

SAN JOSE, Feb. 12.—Indications of a dry year have forced the prune market up from a quarter to three-quarters of a cent in the past week, according to the reports of the weekly meeting of the San Jose Grange, when it was announced that the packers have offered a 3/4-cent basis for prunes of 80 grade and 4 cents for fruit of the 50 size. Record-breaking crops of two years past and the light rainfall to date with predictions of a dry year, the grangers said, are indications that the prune yield as well as other fruits will be light in 1913. There are about \$1,000,000 worth of prunes still in warehouses in this county.

The bounteous yield in 1911 and the unusually high prices have made the growers more independent than in a decade, and scores who formerly were forced to sell to live have held their fruit for better prices. The market started this year at 4 1/2 cents, but dropped quickly.
